Case No. 19-cv-04060-JST (TSH)

DISCOVERY ORDER

12
13 The parties' recent joint case management conference statement raised a number of
14 discovery disputes. ECF No. 62. While the Court understands the gist of each dispute, the parties
15 presented them at a high level and were at times speaking past each other. Accordingly, the Court
16 held a telephonic hearing today to discuss with the parties how best to tee these issues up for
17 resolution. During the course of the hearing, the parties identified two other issues that are ripe for
18 resolution. This order memorializes the briefing deadlines and page limits that were set on the
19 call:

20 • The joint discovery letter brief concerning the preservation of certain data sources,
21 not to exceed five pages, is due June 16, 2020.

22 • The joint discovery letter brief concerning ESI custodians and what data sources to
23 collect from, not to exceed eight pages, is due June 12, 2020.

24 • The joint discovery letter brief concerning the phasing of ESI discovery, not to
25 exceed five pages, is due June 12, 2020.

26 • The joint discovery letter brief concerning complaints about Lambda School, not to
27 exceed ten pages, is due June 26, 2020.

28 • The joint discovery letter brief concerning whether the parties' RFP responses

1 comply with Rule 34, not to exceed five pages, is due June 24, 2020.
